PRODUCT OPERATIONS / SOFTWARE ENGINEERING INTERN

CS student with hands-on experience running user research loops, building operational tooling, and iterating products toward measurable outcomes. Shipped two live platforms with 1,621 combined users and 20% active retention. Comfortable working across product, engineering, and operations — with a bias toward fast execution and real user impact.

SKILLS

Languages: Python, SQL, TypeScript, JavaScript | Frameworks: Next.js 14, Node.js, React, Tailwind CSS
Product & Ops: User research, funnel analysis, workflow automation, growth experiments, cross-functional execution
Data & Analytics: PostgreSQL, Supabase, Google Sheets, Google Apps Script, XGBoost, SHAP
Infra & Tools: Vercel, Git, GitHub Actions, REST APIs, WebSockets, Docker | AI: Claude API, Gemini API, Whisper, LangChain

EXPERIENCE

Co-Founder & Lead Engineer — VibeIn / ArenaHQ

Jan 2025 – Present

vibein.us • arenahq.us • New Jersey / Remote

- Ran 50+ user interviews and translated structured feedback into product changes, driving 20% active retention across 1,621 combined registered users pre-beta.
- Built and iterated real-time networking, matchmaking, and coding tournament systems using Next.js, WebSockets, and Supabase — shipping features in rapid weekly cycles.
- Managed end-to-end deployment pipelines on Vercel; implemented row-level security, real-time chat, and peer recommendation systems with 99%+ uptime.
- Diagnosed and resolved 8+ critical production incidents — auth failures, API deprecations, notification breakdowns, real-time failures — under hard user-test deadlines.

IT Coordinator & Chapter Administrator — NSLS Executive Board

Sep 2024 – Present

University of South Dakota

- Automated member tracking and onboarding workflows with Python and Google Apps Script, reducing onboarding latency by 50%.
- Built internal dashboards and lightweight data pipelines to improve chapter operations, communication, and member management across a national organization.

Production Operations Coordinator — USD Athletics

Aug 2025 – Present

University of South Dakota • Part-Time On-Campus

- Coordinate live-event broadcast workflows, display systems, and timing-critical operations for NCAA collegiate sports events.
- Support cross-functional execution across operations, marketing, and media teams under real-time production constraints with zero margin for error.

Freelance Content Strategist & Brand Consultant

Jun 2019 – Dec 2022

Independent • Remote

- Managed brand identities, content calendars, and distribution campaigns for 10+ internet creators and small businesses; maintained 100% client retention across 3+ years.
- Developed audience-specific messaging frameworks and delivered consistent content on deadline across multiple concurrent clients under NDA.

SELECTED PROJECTS

EKO — AI Background Music & Voice Dubbing System

2026 – Present

- Built a three-mode AI audio platform (Studio, BGM Dub, Voice Dub) with a proprietary pipeline covering transcription, voice preservation, and multilingual output — 821 users, 40% DAU at zero paid acquisition cost.
- Resolved critical memory constraints on 2GB Render container; migrated from local MusicGen-small (1.8GB RAM) to HuggingFace Inference API, reducing footprint to ~400MB.
- Stack: Next.js 14, FastAPI, Neon Postgres, Vercel, Render, faster-whisper, Demucs, Google Lyria 3, Gemini Flash.

PRISM — PR Risk Intelligence & Structural Modeling

2026

- ML pipeline predicting post-merge engineering risk from 45 features (AST via tree-sitter, dependency graphs via NetworkX); XGBoost + SHAP; AUC ≥ 0.80 , Δ AUC < 0.05 cross-repo generalization.

EDUCATION

University of South Dakota

Vermillion, SD • Expected May 2027

B.S. Computer Science — Minor in Innovation & Entrepreneurship

Coursework: Data Structures, Algorithms, Systems Programming, Database Systems, Software Engineering

LEADERSHIP & ACTIVITIES

- AI & Entrepreneurship Workshop Facilitator (Self-Initiated, Offline) — lead hands-on sessions for teenagers (ages 13–16) on how AI applies to daily life and core business skills: identifying a skill, finding customers, building a product, and communicating ideas with confidence.
- USD INFORMS (Beacom School of Business) — authored 10-week operational plan; built chapter admin portal.
- NSLS Executive Board — IT Coordinator & Publicity Chair; USD Marketing Club member.
